Program/Program Cluster

Rubric	Percentage	Description
5	100	The program worked exactly as required by the activity. Precise. Any added creativity did not distract from the accuracy required. Flawless.
4	90	The program achieved the goal required by the activity. However, it lacked precision and/or may have had added creativity that distracted from the accuracy required.
3	80	The program did not achieve the goal required by the activity, however it was very close. There were not, if any, un-necessary abstractions.
2	70	The program did not achieve the goal required by the activity, however it was very close. There were un-necessary abstractions and/or excessive lines of code.
1	60	The program did not achieve the goal required by the activity.
0	50	No attempt was made or the code was unable to provide any progress towards the goal.
